

Village
of
Mettawa

Welcome to Mettawa,

Like most Village's, the majority of our communications is done electronically. As a result, we ask that you provide the following information for anyone within the household you wish to receive our emails and text notifications.

As part of the Village's continued efforts to address the safety and security of our residents, we implemented a phone and email-based emergency notification system called Blackboard Connect. Upon adding your information into our system, you will receive a notification. This system is used to efficiently and timely notify you of severe weather warnings, hazardous road conditions or closures, crime, barn/house fires, community alerts and other situations and conditions that may impact you and your fellow Mettawa residents.

Please fill out the following form and mail or email the Village your information.

Address: _____
